

Mobile Pay

Collect payments anywhere, to take your business everywhere.

In-store or on-the-go, meet customers wherever they are. Heartland Mobile Pay gives you the freedom to go wherever business takes you while also providing the tailored buying experience your customers expect. Whether you need an extra payment terminal to bust lines or a way to accept payment for delivery of home services, Mobile Pay enables you to take all forms of card payment on the spot. You can securely and quickly process the many ways customers want to pay – from credit, debit and gift cards to digital wallet.

Benefits

-  **Easy:** Start accepting mobile payments in minutes – right from your phone or tablet. Simply download the Heartland Mobile Pay app and connect the Heartland Mobile Reader to your mobile device.
-  **Quick:** Heartland makes it easy to quickly accept payments whenever and wherever your customers are ready to pay.
-  You also get access to funds the next business day.
- Secure:** Heartland is a pioneer in payment data security. Our mobile technology encrypts card data as soon as it enters the reader. The data is passed to Heartland securely and never stored on your mobile device.
-  **Clear:** Heartland is an end-to-end processor, so there are no middlemen, outside gateways or third parties in the payment transaction process. You get everything you need from one source for greater profitability and transparency.
-  **Dependable:** Ruggedly designed for 99.995% reliability. EMV technology reduces chargebacks and fraud.

Features

- **All-In-One Card Reader:** Heartland Mobile Pay turns your iOS or Android smartphone into a payment terminal with a simple app and card reader. It also includes a companion merchant web portal, where you can view real-time sales, detailed transactions, inventory and easily export reports.
- **Payment Acceptance Flexibility:** Take payment the ways most customers want to pay: Accept EMV chip cards, Apple Pay®, Google Pay™ and Samsung Pay™, magstripe, cash and checks. Customer can add a tip on sale or tip can be adjusted after authorization. Additionally, you can send digital invoices and set up recurring payments.
- **Integrated Barcode Reader and Printer:** Easily manage payments by cash and check. Give your customers the choice of receiving a printed receipt on the spot, or receiving a receipt by text or email. Scan goods by barcode to ring up price and track inventory.
- **Hassle-Free:** Providing live U.S.-based support 24/7, 365 days of the year, all calls are answered in less than 30 seconds. You can also submit support tickets directly from the Heartland Mobile Pay app and merchant web portal.
